Founder's Circle Availability

	Cirrus SF50 G3	Cirrus SR22T G7+
Founder's Circle positions per aircraft[3]	**2 of 8 shares**	**3 of 14 shares**

Once those positions are filled, the Founder's Circle for that aircraft is permanently closed.

Founder Repurchase Program[4]

Structured Exit Support: a defined path to exit your ownership interest.

Minimum ownership period	12 months before a Founder may request a repurchase.
Notice	180 days' written notice.
During notice	The Founder remains an owner, and bop Aero may market the ownership position to a replacement buyer.
At closing	bop Aero repurchases the share at the defined Net Repurchase Value, based on then-current value under the final agreement.
Payment	If liquidity allows, bop Aero may pay 100% at closing. Otherwise, the minimum cash payment applies and the balance is paid upon resale, subject to a defined outside repayment deadline.

Minimum Cash Payment by Tenure

Time in Founder's Circle at repurchase closing	**Minimum cash**
12–24 months	*10%*
24–36 months	*12.5%*
36–48 months	*15%*
48–60 months	*17.5%*
60 months / end of aircraft cycle	*20%*

** Founder's Circle fees are fixed for the program duration, which is tied to the aircraft serial number. The Annual Program Fee for other owners is subject to change annually due to material and supply chain constraints.*

[1] A Founder buys the same aircraft share as any other owner, then elects the Founder's Circle add-on. It is not a different class of equity. See each program's Financial Detail Sheet for the share breakdown.

[2] Paid once, when the Founder's Circle add-on is elected.

[3] Founder's Circle is offered on new program aircraft only; pre-owned SF50 programs (G1, G2, G2+) do not include it.

[4] Founder's Circle benefits and repurchase terms are governed by the executed Founder's Circle agreement and are subject to final legal review. The repurchase value is based on then-current value and does not guarantee the original purchase price.
